Dear Professor Paul Almeida
University of California, Merced

I hope this message finds you well. As you know, I am interested in studying the dynamic of labor mobilization in El Salvador in the early shift to global capitalism. For this reason, I would like to ask you for the data source and the code you use in your study over protest waves in authoritarian settings in El Salvador.

The aforementioned resources could be fundamental for developing my research project. Of course, I will cite properly the use of the dataset as well as your studies.

Best wishes,

Luis Ruben Gonzalez Marquez
